Blues

Turning our barley into beer

CLASSIFICATION Strong Ale by definition but Belgian inspired.

PROFILE Noble in appearance and elegant in aroma, 'Blues' is smooth and full on the palate, enriched by a slight sugar residue from the exclusive use of barley malt, as per Belgian tradition.

CHARACTERISTICS Unfiltered beer. Unpasteurised.

WHEN TO DRINK We always have wine at home, but we also love beer! In 2013 we decided to embark on this new adventure and add something unusual to our range. 'Blues' was the name of our first beloved dog, the Golden Retriever sitting proudly on the label. Just like him, 'Blues' is the perfect beer to drink in company, with a pizza or a barbecue!
